Ambassador for Epilepsy Award

Dear Jaime

The Ambassador for Epilepsy awards of IBE/ILAE are intended as recognition of outstanding achievement in the international struggle against epilepsy. Candidates, chosen by the Joint Executive Committee of IBE/ILAE every two years, must have made a commitment "above and beyond the call of duty", either voluntarily or professionally, in the field of epilepsy.

Those considered for receipt of the award will have been nominated by an IBE or ILAE chapter, or by a member of the IBE or ILAE Executive Committee. Your nomination was submitted by Dr Carlos Acevedo on behalf ANLICHE, Chile.

It is with great pleasure that we now write to congratulate you on having been chosen to receive an Ambassador for Epilepsy Award 2011, to be announced during the Opening Ceremony of the 29th International Epilepsy Congress, Rome on 28th August 2011. A pin, recognising that you are an Ambassador for Epilepsy, with which you will be presented at the awards ceremony, is a token of gratitude for your work and we trust that you will wear it with pride.

We hope that you will be able to be with us to personally receive your award. As an awardee you will receive free congress registration and a seat will be reserved for you in the front rows during the Opening Ceremony. If you are unable to attend the

Awards Ceremony please appoint a representative to accept the award on your behalf. However, unfortunately, the provision of free congress registration is not transferable.

You will receive correspondence closer to the congress giving you further logistical information on the congress and the awards ceremony. Meantime may we once again express sincere congratulations on this acknowledgement of your interest and work in the field of epilepsy.

Yours sincerely
